Tri-County Overdose Prevention Partnership

Strategic Framework for Local Level Opioid Prevention Work

Youth Prevention	Public Awareness	Provider Education	Safe Disposal	Harm Reduction	Criminal Justice	Treatment/ Recovery
• Primary Prevention • Coalitions • Schools	• Safe Use and Storage • General Prevention Messaging • Stigma reduction	• Prescribing Practices • Alternatives to Opioids • PDMP	• Statewide Program • DEA Events • Other Opportunities	• Naloxone • Syringe Access • Syringe Disposal	• Public Safety • Diversion • Treatment in Jails • Post-Release Support	• Access, Affordability • Capacity • Recovery Supports • Stigma Reduction

Health Equity

Focus on equity and breaking down systemic injustices across strategies. Includes focus on inequities based on race, ethnicity, gender identity, sexual orientation, age, geography

Comprehensive approach

No one strategy alone will impact the entire system. We must address this complex issue with a multi-pronged approach

Data and Evaluation

Surveillance of outcomes and evaluation of strategies is key to inform efforts, continuously improve, and document success
