

2023 Strategic Alignment

April 5, 2023

Purpose: Adams County is in a current shift to properly align our resources, staff and policies to ensure we provide quality services to our constituents. Today we are focusing on internal projects/programs/policies that create the foundation of what our current and long-term resources are, while updating the leadership team on the work we are accomplishing as a county.

2023 Strategic Alignment

April 7, 2023

Purpose: Adams County has developed a balanced approach in providing services to the employees and constituents. Today we are focusing on balancing both the internal and external facing projects/programs/policies in critical areas. Providing the BoCC updates and gaining strategic direction in these areas to staff to ensure we balance our resources, staff and policy. We are also creating space to gain perspective on the future of Adams County from leadership to ensure we are proving balance to the short and long-term goals of the County.
